

CHAPTER II - How do we care and heal our physical-living body?

A. "THE LORD will smite thee with the botch of Egypt, and with emrods, and with the scab, and with the itch, whereof thou canst not be healed." - Deut. 28:27

Using modern day witch-doctors, the kind which receive their doctorates from hallowed halls of indoctrination, an individual can only be abundantly assured of butchery(mutilations), chemical poisons(drugs and more), burnings from radiation and other sources of cannibalism (being eaten alive by the treatment(s))!!!

This individual offers no advise to any individual on any subject. The success and sometimes failure of a subject are what is presented. It is up to the individual to become 'eyes wide' and make their own determination as to their course of action. One must assume, take, and execute the responsibilities and duties of LIFE!

Over the years, starting in 2000, I have had eight(8) skin cancers, as the doctors call those things. The types that I am talking about in this instance, are the 'ones' with 'roots' down into the skin and sometimes into the muscle tissue.

In 2000, there were two skin cancers(SC) on my left forearm which had gotten to the point of bleeding and very painful if slightly bumped. The local witch-doctor wanted \$180.00 each for about 14 minutes of his time to surgically remove each - total of \$360.00 for 14 minutes. In addition, he said it was the 'law' to have each tested to determine if cancerous and what type. What the hell do I care what and if? I just wanted the things cut-out. As one might guess, I said 'no', in no uncertain terms.

A product known as 'Black Salve had come accross my desk in 1997 on a visit to Tennessee where I had met a man, named Dan Raber; who claimed to be the 'inventor' of Black Salve. He later went on to make a product known as 'Tumorex'. Black Salve has zinc cloride as one of the ingredients which 'burns' the 'snot' out of one's skin. And, it is a sneaky POISON. Tumorex has zinc oxide in it and does not burn the skin as much, but, it is terrible internal POISON. Dan got what he deserved a few years ago in what was described to me as something I really desire not to experience. Good Ridance!

My research lead me to the 16th century in this country and I found my answer. Bloodroot(BR), Galngal(GL), and the juice of a baked red-onion.

This is what I did: equal portions of powdered BR and GL(just enough to cover 'scab') and enough juice from red-onion to wet the powders. Placed a small blob of the mix over spot, covered with enough cotton gauze to extend gauze about 3/8 of an inch(all directions) around the scab. Covered with duct-tape. Left in place for 23 hours. Removed bandage, washed with water, dabbed with hydrogen-peroxide, let 'air-dry' for 1 hour. Then re-applied mix and bandage.

RESULTS: In 7 days for one SC and 8 days for other SC the entire 'mess' fell-out! Happy days for me! By day 3 both SC had turned 'white', and stayed 'white'. One days 3,4,&5; I experience a sharp 'electrical type of shock' which lasted about 5 seconds. This shock only happened one time a day, but was rather 'sharp'. I suspect that was the 'cutting' of nerves to SC. OTHERWIDE - NO PAIN!!!!

There was damage to the skin from the duct-tape! (SINCE, then I moved on to a better type of tape and bandage.)

The 'hole' was dabbed for 2 days with hydrogen-peroxide and then olive oil with Frankiense (very small amount of Frank.). For 5 more days dabbed with olive oil only. COMPLETE healing in about 12 days. No scar, redness, etc. after 6 months. ZERO RE-GROWTH!!!

The remaining SC I treated two(2) at a time waiting about 3 months between each treatment. BETTER RESULTS!!

In succeeding treatments, I used crushed garlic and it's juice with increasing portions of garlic.

RESULTS: Garlic produced a 'tingeling' (some may call it a slight burning) for about 5 to 10 minutes. (Until I really loaded up the garlic and then there was indeed a burning for up to 20 minutes.) The tingeling never lasted longer than indicated above.

The same 'electrical shocks' occurred 1x a day and NO OTHER PAIN!! HOWEVER, all other 'scabs' feel off within 6 or 7 days. AND, the sites healed faster. MORE redness initially, but went away faster.

I DO NOT BELIEVE THAT WOMEN SHOULD "LOAD-UP" on the garlic as MOST females have more tender skin!!!

SURFACE SC WITH NO ROOT: same treatment - same results. However, electrical feeling was not present.

FAILURES: 'Tip-of-the-ear' with surface, only) SC. Could not get 'air-tight' bandage as it kept coming off. Had to do tip of ear three(3) times.

'Eye-brow' same problem with air-tightness due to hair. Shaved hair and got the 'mix' in my eye. Garlic does burn in the eye as I can attest. Will try again!

LEARNINGS - Duct-tape is very harsh on skin. Do not recommend! Especially for women! It does not flex very well and will seam-up.

An athletic tape with natural rubber is best!

Today, I use a 'press and seal' freezer wrap over the gauze with a breatherable tape on top of the freezer wrap. The freezer wrap makes the bandage air-tight when placed over the gauze and allows for a larger surface covering. Also, helps keep 'mix' and gauze in place while placing tape in location. SC grows in oxygen and oxygen must be cut-off during treatment. One must have an 'air-tight' seal.

COSTS FOR 8 Skin Cancers Treatment - \$10.00 for BR, GL, & garlic from local herb store.

- \$ 7.00 for coverings.

STRONG CAUTION (LISTEN TO THIS) - do not use any gauze which is made from polyester, rayon, or any other man made fibers. IT WILL MESS UP YOUR SKIN AND YOU WILL BE AN UN-HAPPY CAMPER!!! Use only COTTON GAUZE!!! Trust me, I did this so I could share with you. IT REALLY IRRITATES AND WELTS-UP THE SKIN. And, I consider my skin to be fairly tough.

BUY ONLY - Bloodroot and Galngal which has ONLY BEEN GROUND INTO A POWDER. DO NOT BUY ANY PROCESSED OR EXTRACTED COMPOUNDS AS THEY MOST LIKELY HAVE HAD A CHEMICAL PROCESS USED ON THEM.

Find a local herbologist. Buy local. Also, remember it only takes a while to learn how to dig Bloodroot. Look and learn.

'EYES - WIDE' - It is each of our's responsibility and duty to learn, investigate, and execute. FAILURE ON YOUR BEHALF DOES NOT NECESSARILY CAUSE A CRISIS ON MY BEHALF!!!

Each of you with 'eyes and ears' now has an alternative to the expense and butchery of the A.M.A. with regards to 'the scab'. Or, you may still want to 'suffer the death of a thousand cuts'. The ball is in your court.

Remember, I do not sell anything, nor charge for anything, and YOU MAY NOT SEND ME ANY TYPE OF MONETARY DONATION. You indeed may donate to your Brothers and Sisters by sharing this information and other items 'offered' by THE GATHERING/OFFERING. Your effort to get this information out to others is one way that you will be judged by THE MASTER.

"Nevertheless, if thou warn the wicked of his way to turn from it; if he do not turn from his way, he shall die in his iniquity; but, thou hast delivered thy soul." - Ezekiel 33:9.

The wicked are those with 'eyes and ears'. The evil are those without eyes and ears.

May the blessings of THE LORD be upon THOSE WITH 'EYES AND EARS'!!!!!!

THANKS FOR LOOKING AND INVESTIGATING,

Jerry F. Kirk

an attempting servant of THE LORD
